

Let's All Be HeRoes as we fundraise for the San Antonio Food Bank!

As your 2020 SAHRMA Community Relations Chair, I invite you to help our community and those in need for food due to the COVID-19 Pandemic. Our goal, to start, as an organization is \$1,000 which will provide 7,000 meals. My HOPE is that we will increase that as donations start coming in.

We are currently raising money for San Antonio Food Bank to fight hunger and feed hope in Southwest Texas. The San Antonio Food Bank serves 58,000 people every week across 16 counties. To continue the fight against hunger, they need our support. Please consider donating to our cause here: <https://my.safoodbank.org/WeAreAllHeRoes>

Food for thought.... our San Antonio Food Bank typically serves 58,000 families per week, since the "Shelter in Place" orders started, and many people being furloughed or laid off, the need is greater than ever. The San Antonio Food Bank is now servicing almost, if not more than, double their normal numbers. They have even made the national news.... so yes, our community needs us ALL to be #HeRoes... it's truly not how much you can give, it's that you give. Let's show just how much #SAHRMACares as we #FightHunger together each and every day. Remember, you can't spell "HeRoes" without spelling "HR"!

If you are feeling extra generous, please consider sharing our page with your organization, colleagues and network.

Thank you for your support!

With much hope and gratitude,

Sheema Harris
SAHRMA Community Relations Chair
